

Only Thursday, 2024/10/10 10:00 – 12:00 am
Invitation to an Free Excursion to the
AUGSBURG INNOVATION PARK

Best Place for Fast Innovation for AEROSPACE Companies!

Take the free shuttle bus and travel to the neighboring Innovation Park in just 5 minutes. Take a look behind the scenes at 2 Research Institutes, a Lightweight Construction Cluster and a Technology Center!

Only on Thursday, 2024/10/10 10:00 – 12:00 am. Free Shuttle Bus Start at Fair Main Entrance..

WE LIGHTEN. EVERYTHING.

The DLR Centre for Lightweight Production Technology in Augsburg makes lightweight-production even lighter. We develop and validate integrated full-scale-solutions for an automated production of high-performance structures in aerospace and other branches. Together with you.

Fraunhofer Institute for Casting, Composite and Processing Technology IGCV – Research Partner of the Aerospace Industry

Uncover the potential of composites: visit our research tech lab, speak to scientists and experience state-of-the-art lightweight production technology!

AI Production Network Augsburg

We research AI-based production technologies at the interface between materials, manufacturing technologies & data-based modelling. You want to make your production fit for the future with AI? Are you looking for AI experts? Then get in touch with us! Have a look into our 5.300m² research facility "Halle 43"!

Institute of Materials Resource Management at University of Augsburg

Have a look behind the scenes: We develop and evaluate new material systems and technologies with respect to sustainable development and efficient use of resources.

The AUGSBURG INNOVATIONPARK and the TZA TECHNOLOGY CENTER AUGSBURG:

Best place for fast innovation projects for AEROSPACE companies!
Get to know the innovation park concept and take a look into the technical hall of the technology center!

The Leading Edge Cluster MAI Carbon

Visit the top cluster MAI Carbon of Composites United e.V. and get first-hand information on cluster cooperation and insights on current projects

How does it work?

- Free tour!
- **Only Thursday, 2024/10/10, 10:00 – 12:00 am**
- **Starting point bus shuttle at fairground:** Fair main entrance, travel time 5 minutes
- **Bus starting time at fairground 10:00 am**
- **Bus starting times at TZA Innovation Park back to fair ground 12:00 am**
- **Tour duration at each individual sightseeing location: ca. 50 minutes**
- **Choose the 2 possible goals that interest you by yourself!**
- **You can visit two sightseeing locations. First at 10:00 am, second at 11:00 am.**
- **Enjoy!**
